A Spring Hike in the Woods

= telepathic communication

The warm sun shined down on Matsunaga Tomomi as she continued to climb up the trail, the sun reflecting off her sweat. The trail had become rather steep and required her to make a few small climbs, but it was nothing Tomomi hadn't handled before. Besides she heard the view here was one of the best around and she just had to absolutely see it for herself.

Tomomi a voice cried from her head, almost causing her to slip on the rocks. "Mou...Mikage!!!" Tomomi groaned out loud before she realized what she did. Luckily she was in the middle of the woods and nobody was around to see her gaffe. She just sighed, being an Esper and having a twin sister wasn't easy.

Tomomi Mikage's voice chirped in again, Tomomi are you all right?

I'm fine Tomomi replied, "No thanks to you" she mentioned out loud hoping that Mikage wouldn't be able to listen her self.

That's good, I was afraid that you'd hurt your self climbing that trail

Well if it was up to you I would of been Tomomi replied

tersely,

Couldn't you pick a better time to interrupt me?

There was a bit of silence over the telepathic link the two shared, which Tomomi obviously took as a bit of remorse. Well I was bored, Mikage started in a quieter voice, This study session is just to easy for me!

Wasn't it supposed to be a lab session for the Chemistry Club? Again Tomomi felt nothing but silence, which meant something else completely.

You blew the lab up again didn't you Mikage.

I DID NOT!!! Tomomi head throbbed as Mikage mentally screamed her reply.

I did nothing of the sort, and the lab will not be closed until Monday.

Ah, so that's it,

Yes, that is! Mikage exclaimed, flowing up with a rather audible hmpf. At least it was very audible to Tomomi. She wondered if she could set up some sort of volume control to turn some of Mikage's yells down.

Not that she need to worry now, Mikage seemed to be very quite except for a few some-what audible pouts. Eh, Mikage! What's wrong?

I'm bored, why couldn't you take me along Tomomi?

Because you wanted to teleport here, and that's taking half the fun out of it

Tomomi felt the pout turn into a bit of a sneer before Mikage started to continue What's so fun about walking up a mountain. I'd just get one of my dress dirty and sweaty!

Tomomi grinned Typical Mikage answer!!

Typical answer, typical response for some one without any sense like you

Tomomi pouted when she felt that response. Mikage just had no idea when it came to the fun of hiking or doing sports, though reversely Tomomi had no idea why Mikage liked Chemistry too much. Too many failed experiments and less than stellar grades soured her off most science courses. Until exam time came around again...

Could it be your meeting Noda?

MIKAGE!! Tomomi replied, her face showing a bit of a blush. She felt a small giggle from Mikage which didn't help her mood at all. No, I'm not meeting him here!!!

So then why are you doing this then?

I'll tell you when I get there, Tomomi replied in a rather blunt

manner.

And when will you get there?

Just one more step, Tomomi said, as started her final climb. Once done she would be at the top of the mountain, ready to see the view she wanted to see. I'm here Mikage!!!

I'm here Mikage And with that Mikage felt a sense of awe come through Tomomi. And though she couldn't see it she felt the beauty that Tomomi saw, the grand scale of the view, and she felt how it moved her sister.

It's beautiful!!

I know Tomomi Mikage added, You'll have to teleport me there some day!

MIKAGE!!!!!!
